

05/11/2012

Dear Northwood CC,

Congratulations on Achieving ECB Clubmark Accreditation

Congratulations on being one of a select number of cricket clubs across England and Wales to achieve ECB Clubmark Accreditation. Please find enclosed your ECB Clubmark Accreditation Certificate and frame, and a CD ROM containing your club's unique ECB Clubmark logo which you can now use in future club publicity.

The certificate should be placed in the frame for display at your club. You will only be provided with one frame, so please take care of it. On re-accreditation in 3 years time you will receive a new re-accreditation certificate, but you will not receive a new frame. The old certificate can be removed and the new re-accreditation certificate inserted into the frame for display at that time.

Achieving ECB Clubmark Accreditation is an important step in confirming that your club operates to a key set of core criteria and has good practices in place to ensure that you can deliver high quality community cricket in an environment that is safe, effective and child-friendly.

The ECB, your County Cricket Board, Sport England and local partners recognise the hard work your club has done in achieving ECB Clubmark Accreditation. It is now the responsibility of all club members and everyone involved with the club to maintain the high standards you have reached as part of the ECB Clubmark process so that you continue to thrive as a community cricket club.

Once again, congratulations on your achievement and thank you for your commitment and dedication to community club cricket.

Yours sincerely,

Mike Gatting
